OPERA IN THE SCHOOLS

WHAT WE DO:

Opera Steamboat brings age-appropriate operas to Routt and Moffat County schools to educate students about this unique and fun art form.

OUR IMPACT:

“Thank you so much to Opera Steamboat for providing an enrichment opportunity that my students were going to miss out on. I greatly appreciate all the effort put forth to brighten our student's day with the Fantastic Mr. Fox materials. My students loved the work. It was a wonderful light in a dark time!”

Kelly Hohman-Mountain Village Montessori Charter School

OPERA IN THE SCHOOLS

WHAT WE DO:

In 2022 Opera Steamboat piloted a new program with Steamboat Springs High School. We worked with students over two weeks, preparing them for their exciting Carnegie Music Hall performances and their upcoming spring concert in May 2022.

OUR IMPACT:

Wendy Dillon, the high school music teacher, truly appreciated the support of our staff and the vocal and musical knowledge we were able to share with her and her students.

Achievements in the schools:

- Over 2,000 Students served in Routt and Moffat County in Opera in the Schools week
- 10 schools in Routt and Moffat Counties
- Expansion of programs in the schools: in-class work with the Steamboat Springs High School Choir
- Delivered study guides to all participating schools
- Collected 336 surveys from students, administrators and teachers

 **OPERA** 20 **YEARS**
STEAMBOAT

Achievements in the schools:

- 83% of the students had never seen an opera before
- 94% approval rating from students and 100% from teachers and administrators
- **Teacher feedback:**
“This was the first opera experience for many of my students and they absolutely loved it. They were fascinated by the story and were in awe with the music. The boys were really shocked to find out that they too enjoyed it. This performance really inspired one of the 4th grade boys who loves music and wants to be a professional Christian singer when he grows up.”

Our impact:

- 30% of students served in Moffat County are from minority groups
- 50% of students in Moffat County are eligible for free and reduced lunch
- 19% of students served in Routt County are from minority groups
- 22% of students in Routt County are eligible for free and reduced lunch
